

NOVA  SKY

Dream, Design, Deliver

Company Profile

COMPANY PROFILE

***We're end to end solutions for Mechanical, Fabrication, Electrical, Plumbing, structural
Fire Fighting, Public announcement, Fire Detection, Utility, HVAC, IBMS, etc***

Novasky provides complete MEP Design Services for all type of Buildings, industry and infra projects. Novasky offers complete one roof solution of MEP services for your esteem projects across India.

Novasky caters to all types of industries including all types of building projects such as Commercial, Industrial, hotels, Hospitals and various infrastructure projects such as Business parks, Townships, Warehousing, Cold storage etc.

OUR MISSION

We strive to achieve par excellence in executing projects for all the customers may it be infrastructure, Industrial, residential or commercial projects.

Our goal is to achieve. To deliver excellence in service quality, reliability, safety and customer care.

To win trust of all customers exceeding their expectations and achieve customer satisfaction. To consistently achieve high quality, integrity and productivity.

OUR VISION

To believe in creation of value to organisations and society for well being of public and staff. To strive towards customer satisfaction with best quality of service and time bound execution. To ensure that it will bring more repeat orders and enhance company's growth. To create a combination of knowledge and expertise to provide best services. To select, train and create dedicated work force who can own the responsibility and create recognition for the company and customer.

PRODUCT & SERVICES

- ❖ Fire protection & PA
- ❖ HT & LT electrical
- ❖ Industrial lighting
- ❖ Plumbing & Pumping
- ❖ Lightning protection
- ❖ HVAC system
- ❖ Civil Structural & Architectural
- ❖ CCTV & Access control
- ❖ Boiler & steam line
- ❖ Pneumatic system & other utilities
- ❖ Industrial automation
- ❖ Machinery installation

FIRE PROTECTION & PA SYSTEM

- *Fire Hydrant System*
- *Fire sprinkler System*
- *Fire Extinguisher System*
- *Fire detection and alarm system*
- *Fire suppression system*
- *Public address system*
- *Plant and utilities*

ELECTRICAL

- *Supply & installation of entire power systems*
- *High Voltage system including DP structure, VCB, RMU, HTMC, T/F*
- *Low Voltage distribution*
- *Power and distribution transformers*
- *Bus bar trunking*
- *Maximum demand monitoring*
- *Backup power : UPS/Genset with acoustics/auxiliaries*
- *Lighting, External/internal*
- *Integrated building management systems*

PLUMBING & PUMPING

- *Process plumbing (SS piping)*
- *Swage water pipeline laying(HDPE,Hume pipe, UPVC)*
- *Domestic water pipeline laying(GI, UPVC,CPVC,SS)*

HVAC SYSTEM

- *Supply & installation of Split, Cassatte & VRF*
- *AHU, VSU & exhaust unit supply & installation*
- *Ducting fabrication & installation*
- *Filters supply & installation*

CIVIL STRUCTURAL & ARCHITURAL

- *Factory shed fabrication*
- *PEB structure fabrication & installation*
- *Puff partition supply & installation*
- *Window, ventilation, door, Rolling shutter, HSD supply & installation*
- *Painting (interior & external)*
- *Tank constructions, pumphouse and other civil constructions*
- *Strom water drain, Rain water harvesting pit construction*

CCTV & ACCESS CONTROL

- *Telephone and Data Distribution Networking*
- *Fire Detection, Alarm and Control System*
- *Public Address Systems*
- *Video Surveillance/CCTV Systems*
- *Access Distribution*
- *Audio Video Systems*
- *Building Management System*
- *CATV Distribution*

LIGHTNING PROTECTION & EARTHING SYSTEM

- *ESE type LA supply & installation*
- *Grid or mesh type LA system*
- *GI, CU pipe & electrode chemical earthing*
- *CU plate earthing*
- *GI & CU strip earthing*

BOILER & STEAM LINE

- *Boiler installation(IBR & Non IBR)*
- *Chimney erection*
- *Ducting & feed tank fabrication*
- *Boiler control panel installation with wiring*
- *Boiler shed fabrication*

PNEUMATIC SYSTEM & OTHER UTILITIES

- *Supply & installation of air compressors*
- *Supply & installation of dryer & storage tanks.*
- *Pneumatic pipe laying (PPR, HDPE & Aluminum)*
- *Ducting for air intake*
- *ETP, STP, RO, ZLD, EVAPORATOR supply & installation*

MACHINERY INSTALLATION

- *Dust collector installation including ducting/piping*
- *Grinding line installation*
- *Equipment platform fabrication & installation*
- *Packing machine placement & installation*
